

iRock Menu

Volume 1

Below is a list of OPTIONAL activities that you can do if you are looking for some fun ways to incorporate STEM, technology, and literacy at home! Have fun! Let me know if you have any questions!

Mrs. Rojas, STEM Coordinator, rojas_jenny@svvsd.org.

Egg Science

Want to make a bouncy egg? Click this [link](#) to get directions on how to do this science experiment with items around your house! If you add food coloring to the vinegar it will color the egg too!

Nature Scavenger Hunt

Go outside and get some fresh air while social distancing. You can go for a walk or even out to your backyard. Look for things you can observe in nature! Click on this [link](#) to see the items you are searching for!

Go to www.code.org to practice your coding skills. Remember this is a FREE website to use with so many fun options for coding!

Aquarium Tour

Take a virtual field trip to an amazing aquarium to see penguins, sharks, and more on Webcams.

Click here...

[Aquarium of the Pacific](#)

PBS Kids: Molly of Denali First Fish

Explore Native Alaskan culture during this video about Molly and learn why all living things are important.

Click [HERE](#) for the video link.

Float Your Boat Engineering Design Challenge

How many pennies will your boat hold? Make a boat out of foil and float it in a tub of water. Next, see how many pennies you can add to your boat before it sinks! Who in your family can make the best boat?
