Volume 3

Below is a list of OPTIONAL activities that you can do if you are looking for some fun ways to incorporate STEM, technology, and literacy at home! Have fun! Let me know if you have any questions!

Mrs. Rojas, STEM Coordinator, rojas_jenny@svvsd.org.

Science Experiment: Parachute Toy

Click [here](#) to learn about air resistance and learn how to make your own parachute!

Alphabet Scavenger Hunt

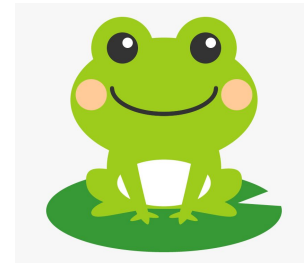

Look around and see how many items you can find inside or outside your home that start with the different letters of the alphabet. Good luck searching!

Click [here](#) to get to the page. If you can, take a screenshot on your device so you can use it when you look around.

Coding: Bring Froggy Home

Use what you know about the commands of coding to write a code to bring Froggy home to his pond. Click [here](#) to find the coding mat. You can use a plain sheet of paper to write the commands or screenshot the page on your iPad.

Virtual Field Trip: San Diego Zoo

Even though we cannot visit the zoo right now, the San Diego Zoo website offers several live web cameras of animals and other fun things to explore. This is our favorite virtual field trip to take in the iRock Zone!

Click [here](#) and enjoy!

What to Watch: Scholastic Study Jams

Click [here](#) to learn just about anything you are interested in. You can click on the most popular videos or search for a topic you want to learn more about!

Engineering Challenge: DIY Marble Run

Try to construct your very own marble run out of empty toilet paper rolls. This [website](#) has more directions and ideas if you need it. Be creative!
