Our school took third place for the Winter myOn Challenge! That means we received a check for $800 to spend on books for our school library! Our top 5 readers read a total of 4,933 minutes during the Winter Challenge. Each of the five students read more than 800 minutes with the top reader reading 1,302 minutes. WOW! They came to claim some great prizes from the iRock Zone.

A big thank you to every student at Rocky that read on myOn and helped us to place third in the challenge. Every minute of reading counts!

Our next challenge will be during spring break in March so get ready by practicing myOn reading when you are at home. If we get 1st, 2nd or 3rd place the money goes to fund new books for our library.
